## Safety warnings

- ngs 🔼
- 1. Please don't install this LED Screen in intense magnetic and high-voltage fields.
- 2. To reduce the risk of component damage and fire caused by short circuit, make sure correct connection
- 3. Check if the voltage and power input suit the LED requirement
- 4. Don't connect cables with power on, make sure a correct connection and no short circuit checked with instrument before power on.
- 5. Please don't open Receiver cover while still LED still on to avoid risk.

- Supports both concave (in ward) and convex (out ward) design

- Three-angle adjustment locking system : Flat (0°), concave (+5°), convex (-5°) curve installation
